

*Since 1960, in Esencias Martínez Lozano S.A. we are dedicated to produce **first quality essential Oils.***

*We are located in the **South-East of Spain**, exactly in Caravaca de la Cruz, region of Murcia, which is **the main area in Spanish essential oils production.***

*We have own **plantations** of the different Spanish aromatic herbs, these being our main assets.*

*For some years ago, we have the **ISO 9001 quality certification.***

*We were pioneers in obtaining the **European Organic Certification** and the **NOP Certification**, being the organic essential oils market one of the most relevant for us.*

*Beside, all the essential oils we produce are **Kosher certified.***

*At present we also produce essential oils in **Food Grade.***

*Our company has its **own laboratory**, to select the best plant to make plantations and guarantee the best quality of the essential oils we trade.*

*Our essential oils can be found all over the world, representing our exportations more than the **80% of our turnover**, fruit of our spirit and good work in the essential oils sector, and thanks to the trust placed in us by our customers.*

As Philosophy

**First-class essential oils
and the constant improvement in the service and attention to our Customers**
